E. S. FRYER,

118-119

No. 1 North Gay street.

DISCOURAGE NOT THE SUFFERER. WHILST THERE IS SO SURE A REMEDY FOR DISEASE,

IF PROPERLY APPLIED.

DOCT. MASSEY, No. 68 EXCHANGE PLACE, assures the afflicted, that there is a REMEDY for them. He makes the assertion fully aware of the responsibility it involves. But a few years since, and his was the first and only voice raised, to announce the important fact that Paralysis even of many years standing, might be overcome in from two to twenty minutes—a fact made evident then by oft repeated experiments, and a fact now of nearly an every-day occurrence, at his office, in this city, as can testify numerous citizens who have been witnesses. This fact alone affords a *strong* evidence of the entire practicability of relieving disease in almost any variety of form. "A word to the wise is sufficient." 118-coll+r

DR. BANNING'S BODY BRACE, FOR THE RELIEF OF

Weakness of the Voice, Lungs, Heart, Spinal, Nervous, Female and Digestive System—including Dyspepsy, Constipation, Piles, Drooping and Distortion so common to children and young ladies, also *Bleeding of the Lungs*. Is a perfect substitute for the corset and constraining shoulder-brace, with none of their pernicious tendencies. Unlike all others, it acts by supporting the small of the back, making it the fulcrum, and by *lifting* flexibly the whole internal pile of organs. Pamphlet and book entitled "Common Sense," giving information, can be had of the AGENT, No. 108 BALTIMORE STREET, between North and Holiday streets. Persons out of the city can have the book forwarded to them by mail, by enclosing 25 cents free of postage. 118-1F295r
